Press Release

Health Integration Partners expands staff

July 14, 2010

Pam Butler

Pam Butler has been added as the Director of Wellness Operations. Pam has 14 years experience in the management and operations of hospital based wellness centers. She brings to the company her expertise in member management, comprehensive sales and non-dues program growth. She will work with existing operations management and new hospital based wellness center development.

Patrick Damer

Patrick Damer has joined the company as Sales and Operations Manager for the Botsford Center for Health Improvement, in Novi, MI beginning on July 19th, 2010. Patrick will be on site full-time managing the onsite operations and sales for the Center. The center is under a management contract with Health Integration Partners, LLC.

Patrick has extensive experience in sales, operations and service from the golf and country club industry. He brings to the Botsford Center for Health Improvement a strong leadership approach to growth and service excellence through innovative and entrepreneurial leadership. He has had great success in growing business within an accountability culture centered on delivering profitable solutions.
